

## Certificate of Conformity

Part No.	8045R-60S 8045R-500S 8045R-1000S 8045R-2500S
Description	Disposable PharmaScoops Red
Material	Polystyrene (PS)
Date	14-Apr-11

Dear Sir/Madam,

We confirm that the goods are manufactured with PS that conforms to FDA CFR 177.1640. An FDA acceptable red dye (less than 1%) is added during manufacture to make the scoops red.

The polystyrene resin used in the manufacture of the above products is certified BSE/TSE free.

All PharmaScoops are moulded and packed in a class 100,000 medical cleanroom.

For and on behalf of  
Sampling Systems,

Jonathan Fenner
