

## Certificate of Conformity

|             |                                  |
|-------------|----------------------------------|
| Part No.    | 8240H-1000<br>8240H-1000S        |
| Description | Disposable Powder Sampler        |
| Material    | HDPE (High Density Polyethylene) |
| Date        | 27-Jan-11                        |

Dear Sir/Madam,

We confirm that the goods are manufactured from HDPE that conforms to FDA CFR 177.1520 and have been assembled in a class 100,000 medical cleanroom.

Ultra-sonic welding is used adhere the components (no adhesives, screws etc. are used).

The HDPE resin used in the manufacture of the above products is BSE/TSE free.

For and on behalf of  
Sampling Systems,

Jonathan Fenner
